Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This physics booklet was created to help students specifically with Vectors and Translational Motion - the topic that most physics classes introduce first to their students. This booklet has been made extremely concise yet explains the concepts in detail at the same time. Also, it is not designed to be your main study source, but rather, as an adjunct to your school teacher s notes. There are also lots of practice questions with detailed solutions at the end to solidify the concepts you have learned. This is a great book for students who want extra help in learning the concepts of Projectile Motion and getting ahead of the class.
