Hear Go Seek Alphabet Sounds is the fun, easy way for young learners to develop important early literacy and listening skills! Players listen carefully to letter-specific tongue twisters on the CD to identify each letter sound of the alphabet. If the tongue twisters making those sounds correctly match the objects pictured on their game boards, players place game pieces on the matching pictures. The first player to fill his or her game board wins! Featuring photographic pictures that appeal to young learners, Hear Go Seek Alphabet Sounds teaches phonemic awareness, alphabet letter sound recognition, and alliteration. It also improves observation and short-term memory, while helping children develop listening, visual discrimination, and critical thinking skills. Hear Go Seek Alphabet Sounds can accommodate small or large group play up to 12 players. It can also be used by a single player to reinforce visual and auditory vocabulary recognition. Its a perfect game for the classroom as a positive reward or an expansion of a unit theme, and its ideal to play at home as well. Plus, each game includes an instruction sheet with suggestions for additional vocabulary-building activities. Play Hear Go Seek and discover the sounds of learning fun!.
