## THE GREEK SEARCH FOR WISDOM

DOWNLOAD

Prometheus Books, 2012. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "A wonderfully accessible introduction to the Greeks, one that eloquently reminds us why these works stand at the fountainhead of the Western tradition." -Francis Fukuyama, Stanford University, author of *The Origins of Political Order* "Ten Greek authors of antiquity set out to capture, in the logic and art of human language, the essence of human nature, society, and dialectic thought. Michael K. Kellogg's insightful readings and lucid, elegant prose do full justice to [these] timeless texts. . . . In an age of torrents of sound bites propelled by digital machines, his book reminds us that the rigorous pursuit of logic itself began in a civilization inspired by the words of men who were captivated, above all, by the ineffable complexity and beauty of the human spirit." -Peter Huber, Senior fellow, the Manhattan Institute, and, most recently, coauthor of *The Bottomless Well* "This elegantly and engagingly recounted set of stories, biographies, histories, and epitomes from the ancient Greek poets, playwrights, historians, and philosophers gently and without undue insistence teaches us lessons in how to live. Kellogg is that rare person, a learned author who wears his learning lightly and so can make an impression on his nonspecialist fellow seekers after wisdom." -Charles Fried, Former solicitor general of the United States and Beneficial Professor of Law, Harvard Law School "Kellogg offers an accessible, engaging review of the masterpieces of Greek literature in their ancient cultural, political, and historical contexts as part of a larger argument about why we need to consult them, for both guidance and pure enjoyment. . . . An ideal introduction to the origins of Western culture, both for students and for anyone interested in making sense out of the frequent nonsense of..."
